Phone 806-385-4195 ♦ Fax 806-385-6297

Parents and Staff,

Littlefield ISD Administration has been notified that a group of High School students and staff members simultaneously had direct exposure to an individual who recently tested positive for COVID-19. The students and staff members are currently self-quarantining at home, and although they have experienced no symptoms, will continue to self-quarantine for 14 days.

LISD is continuing to deeply sanitize, and although that specific instructional area has been closed to students and staff, and will remain closed until further notice, all District employees and students are instructed to continue to follow CDC guidelines and recommendations and to practice social distancing.

Based on the information that we have gathered, it has been determined that the end of the 14-day incubation period for anyone possibly exposed to the staff members is July 21.

Out of an abundance of caution, we advise you to monitor your health, follow the [CDC guidelines for people who have had close contact](#) and contact your primary care physician if you develop symptoms.

LISD Administration is continuing to monitor this situation and will provide additional information as needed.

Sincerely,

Robert Dillard
Superintendent of Schools
