

Transportation Recommendations for Eligible Bus Riders

In an effort to limit potential Covid – 19 exposures:

If your child is eligible to ride a bus, all parents are strongly encouraged to bring your child and pick up your child from school.

For those children who ride a bus - upon entering the bus:

Your child will be asked if he/she feels well. If the answer is no – your child may be asked to not ride the bus.

Your child will be instructed to sanitize hands with provided hand sanitizer.

All children in Elementary, Jr. High, and High School will be REQUIRED to wear a face mask while on the bus.

Children will be encouraged to sit in family-groups and will skip seats when possible.

Each bus will be thoroughly sanitized after each trip.
